## **ATCO Software introduces Japanese as the second language on its kiosk booking software.**

ATCO Software Inc., the leader in Real-Time bookings for the Attractions Industry, announced today the introduction of Japanese as the second language on their kiosk booking software.

The kiosk for the Top of Waikiki Restaurant now has information for Japanese customers. The ATCOREz booking software now has a touch screen interface in English and Japanese. This allows the Japanese customer to follow the touch screen instructions in their own language.
